

ICD-10-CM Mapping (Paperback)

By Ingenix

Ingenix, Incorporated, United States, 2010. Paperback. Book Condition: New. 267 x 206 mm. Language: English . Brand New Book. Preparation is necessary when it comes to the transition to ICD-10. The higher degree of specificity in the ICD-10-CM code set is going to require more documentation and more coding precision. Focus your ICD-10 training without learning the entire code set. By mapping the most frequently used ICD-9-CM codes to their corresponding ICD-10-CM codes; you can identify areas needing increased documentation. This book was created to simplify the transition and get you ready for future documentation and coding needs.

Reviews

Most of these publication is the perfect ebook accessible. It is amongst the most awesome publication i have got read through. You wont truly feel monotony at whenever you want of the time (that's what catalogs are for regarding in the event you request me).

-- **Prof. Edgar Kshlerin**

It is easy in study safer to comprehend. It can be writter in basic phrases and never confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Emmitt Harber**
