Rainbow Books. Paperback. Book Condition: New. Paperback. 271 pages. Dimensions: 8.5in. x 5.5in. x 0.6in. A Tale of Mystery and Suspense from the World of Entrepreneurial Drug Development One week before receiving his Ph. D. in pharmacology, Ben Candidi is offered a high-paying, four-day consulting job. Ben will consult for Brian Broadmoore, M. D. , a Boston biomedical venture capitalist who has come to Miami on business. Dr. Broadmoore has bought an option to purchase BIOTECH, a Miami-based biotechnology company. BIOTECH has patents on three compounds from sponge extracts that show promise as a cure for cancer. BIOTECHs price is 20 million. Dr. Broadmoores option to purchase will run out in four days. He will pay Ben 24, 000 to visit BIOTECH and check out their scientific claims. Ben goes to work. After auditing BIOTECHs records for one day, he confirms dramatic tumor shrinkage in animals. And the patents check out. Everything checks out except for BIOTECHs key personnel. The president is a gruff-mannered construction tycoon. The head scientist dresses like a fashion model and has an attitude to match. And BIOTECHs inventor is as helpful as a bad guy in a karate movie. On the second day of the job, Ben wonders why Dr. Broadmoore hired him on such short notice. And what happened to Bens predecessor And why wont Dr. Broadmoore give him a straight answer On the third day, Ben is caught in a web of murder and high-stakes intrigue. Dirk Wyle describes a high-tech, multi-player gamble to transform a 50, 000 discovery into a 200-million stock offering. He takes the reader on an exciting treasure-hunt in uncharted territory between the lab bench, clinic, patent office, and executive suite. This item ships from multiple locations.
