By the Board of Trustees of the College the work was intrusted jointly to the Deans of the Divisions of Agriculture and Engineering. The appropriation for carrying the law into effect became available July 1, 1904. After a careful search for a suitable man Mr. T. H. MacDonald was engaged as assistant in the work, and vigorous steps were taken to carry out the requirements of the law. A large amount of preliminary work has been done, not the least item of which has been a careful general study of the good roads problem in Iowa. It is thought that a preliminary report of some of the results of this general study will be of interest, and such report is presented in this bulletin.
